"Tinker" Probably Only Amphibious Feline In World

"Tinker" is no ordinary cat. The four-year-old tom cat of Mrs. Leda McCurdy Davison of 284 S. Madison ave. is probably the only feline in existence that gets a big kick out of playing in water.

According to his owner, "Tinker" will leap into a filled bathtub or wash basin without provocation at any time—just because he loves water. He is never bathed, Mrs. Davison says, but simply stands in the water and plays.

His affection for water recently proved disastrous. He chanced to leap into the bath tub which had been filled with steaming hot water and suffered severely burned paws. For a week thereafter, "Tinker" was transported about on a pillow by the Davison family.

However, as soon as he recovered he again showed his love of H₂O by taking the first opportunity to jump back into the same tub.

The cat was never taught to perform his favorite stunt, but took to the water naturally.

The Davison family have no idea what will happen if "Tinker" ever sees a lake.

Ford Inheritance Tax May Run To \$66 Million

WASHINGTON, April 19.—If Henry Ford's estate approximates that of his son, Edsel, in size and method of distribution, federal taxes on it will total anywhere from \$15,824,000 to \$66,370,000.

The lesser amount is the tax on Edsel's estate as it was figured and paid by his widow as executrix of his will, and the larger sum is the total tax claimed by the government, a check into U. S. tax court records showed today.

Unofficial estimates of the value of the estate of Henry Ford, whose will was filed for probate in Detroit today, range from \$200,000,000 to \$500,000,000.

Massillon Strikers Go Back To Jobs On Monday

MASSILLON, April 19.—Striking AFL unionists at the Tyson Bearing Corp. will return to their jobs Monday, ending a walkout which began April 8 and which the local chapter of the United Mine Workers district 50 reported today.

Strikers ended an 11-day walkout yesterday by voting to accept a new company-union contract and a management offer of a 7½ cent hourly wage increase for incentive workers and 1947 minimums equal to maximum wage levels paid in plant departments last year. Recording Secretary William Helmreich reported.

Sues After 22 Years

COLUMBUS, April 19.—Henry F. Linard, injured as a child 22 years ago, yesterday asked \$75,000 damages of the Pennsylvania railroad. Linard said in a petition filed here that disfigurement suffered in an accident in 1925 had affected his life.

542 Bodies Found In Texas Ruins As Workers Toil On

(By Associated Press) TEXAS CITY, April 19.—Weary but dogged rescue workers in grotesque asbestos suits were ready at sunrise today to go back into the haunted ruins of the Monsanto plant for more victims of Wednesday's explosions.

Already 542 bodies have been found in this blast-razed industrial gulf coast community, the Red Cross said. Last night Mayor J. C. Trahan appointed a three-member

"dead body commission" to prevent unauthorized removal of victims. Fires still burned in oil storage tanks, casting a gloomy pall of smoke over the area. The grim task of putting them out continued.

Also continued is the Coast Guard investigation into the cause of the trigger-explosion aboard the Grand Camp, a French vessel that was loading nitrate when it blew up at 9:13 a. m. that fatal morning, taking much of the town with it.

In recurring explosions and fires, two other ships were sunk, the High Flyer and the Wilson B. Keene. The multi-million dollar Monsanto Chemical Corp. plant was destroyed with a heavy loss of life.

A member of the Coast Guard board yesterday said the cause of the explosion was "the sixty-four million dollar question" that may not be answered for years.

Memorial services for the dead will be held at 6 p. m. at the football field. All denominations are joining in the service.

The known dead totaled 542 after a check by the Associated Press and Houston Post eliminated seven seeming duplications from a list of 549 names issued by the American Red Cross.

Names listed by the Red Cross carried the notation "identified dead," but the post stated the list should be considered tentative.

Grotesque figures clad in asbestos suits dug grimly into smoldering wreckage last night in the ceaseless probe for bodies, working in the glare of still flaming oil tanks and powerful searchlights.

Heavy smoke boiled skyward and hung over the city from fires started Wednesday morning when the nitrate-laden French freighter Grand Camp exploded, setting off a chain of explosions that destroyed three ships, leveled a multi-million dollar chemical plant and left Texas City in shambles.

Cause of Blast Probed An investigating board of Coast Guard officers yesterday began hearing testimony in an inquiry into

MOOSE TO INDUCT CLASS ON SUNDAY

The largest class in the history of the Salem Lodge 571, Loyal Order of Moose, consisting of from 175 to 200 candidates, will be initiated at 2:30 p. m. Sunday in the Moose hall, Governor F. M. Woodworth said.

The new members were recruited during a campaign which began on March 7 in charge of William V. Kuhn of Pittsburgh, regional membership director.

In addition to the initiation, four Salem organizations will receive community service awards.

The community awards, which total \$3,000, are part of the Supreme lodge's "Golden Rule program for 1947." Woodworth said.

City Hospital will receive \$1,500. The Boy Scouts \$250 each.

Paul P. Schmitz of Mooseheart, Ill., national enrollment director of the Supreme lodge, will present the awards to officials of the four organizations.

Schmitz will also discuss the aims of the Moose fraternity for this year.

Officials expect at least 400 persons at Sunday's meeting, including several district officers and delegates from lodges in Alliance, Lowellville, Warren, Niles, Youngstown, Lisbon, East Liverpool and East Palestine.

CIO STEELMEN DELAY POLICY CONFERENCE

Meet Sunday; Murray Confers With U. S. Steel Head On Wages

(By Associated Press) PITTSBURGH, April 19.—A meeting of the United Steel Workers' policy makers today was postponed until tomorrow while CIO President John Stevens of the U. S. Steel Corporation continued contract discussions which began yesterday.

The meeting of the union's executive board was deferred as regional presidents were getting together for a session originally set for 10 a. m. today.

The action raised a possibility that the talks between Murray and Stevens might produce a concrete wage offer or plan for agreement on the questions between the country's largest basic industry union and the steel corporation.

No Explanation There was no official explanation of the postponement. One union spokesman commented "anything the executive committee has to do can be done tomorrow just as well as today."

Any decisions made by the executive committee are expected to go a long way toward determining the future of steel production for another year.

The purpose of the executive committee meeting is to pass on the results of the collective bargaining negotiations which have been under way for weeks.

Most speculation centers around a reported wage increase offer, amount unspecified, which the trade journal Iron Age said was made to the union by U. S. Steel, belittler of the industry.

No confirmation of such an offer was obtained from tight-lipped company and union officials. The union has never disclosed its wage demands.

Possible results of current union sessions could be: (1) a wage settlement; (2) a new contract extension; or (3) a strike call after April 30, expiration date of the present pact between the union and five major big steel subsidiaries.

23-Cent Boost Asked

With negotiations between big steel and the steelworkers currently at a standstill, a 23-cent an hour wage boost demand was sent by the union to the Jones and Laughlin Steel Corp., fourth largest producer.

No union official would say that figure was also presented to Big Steel but it appeared much more to the liking of the union than a 15 cents an hour increase offered and accepted in other industries.

The CIO-United Auto Workers have made a 23 cent wage boost demand on General Motors Corp., but the CIO-United Electrical Workers have settled for a 15-cent raise for 30,000 worker-members in the General Motors plants and for 75,000 members employed by the Westinghouse Electric Corp. the auto workers called "unsatisfactory" a 15-cent offer made by General Motors.

Yesterday, Philip Murray, president of both the CIO and the Steelworkers, conferred at length with Walter Reuther, president of the auto workers, and other top CIO officials but the results of their conference were not made public.

A UAW spokesman had said it was expected to coordinate CIO policies.

Reuther said he plans to resume negotiations with General Motors in Detroit Monday.

May 1 Meeting Planned By Girl Scout Leaders

Leadership training in relation to the summer camp program, was discussed by Mrs. Don C. Rosing, executive secretary, and Mrs. W. E. Quillian, council camp director, at a meeting of the Girl Scout Leaders association Friday afternoon in the Memorial building.

Mrs. Fred Blevins, commissioner, announced plans for a meeting Thursday evening, May 1, in the Memorial building, at which Miss Franchon Hamilton, Cleveland community advisor for this region, will be guest speaker. All registered adults in Scouting are invited.

The next association meeting is scheduled for May 2.

Solon Raps Funds For Veterans Groups

(By Associated Press) CLEVELAND, April 19.—A state legislator contended today that 10 Ohio veterans' organizations were ticketed for about \$385,000 in "undeserved" appropriations in the 1947-48 budget, but an American Legion official said the Ohio representative should "seek more information about veterans."

Opposing further appropriations to veterans groups on the basis of what he said represented a month's research was Rep. Kenneth W. Thornton (R-Cuyahoga), a new comer this year to the state house.

Thornton said yesterday in an interview: "I've been investigating this business of paying out money to veterans groups for about a month now. And I can't see why they are more deserving of state funds than any other corporation."

"If they rate money, then why not give appropriations to the Rotary clubs, the YMCA, the Lions clubs, the Elks? They're doing just as fine a job in their own way as the veterans organizations."

5-CENT HOURLY BOOST GIVEN TELEGRAPHERS

Agreement Is Subject To Ratification; Phone Dispute Unsettled

(By Associated Press) WASHINGTON, April 19.—A nation-wide walkout of Western Union telegraphers was averted today while the still striking telephone workers prepared to lay their case before President Truman and congress.

Under a tentative agreement announced early today in New York by union and management, 50,000 Western Union telegraph company employees are to receive a five-cent hourly wage hike and other benefits.

The AFL commercial telegraphers union had called a strike for May 4 in support of its demands, which included a 25-cent hourly pay increase.

Subject To Ratification

Union officials said the agreement is subject to ratification by the CTU as well as by the telegraph workers union and the telegraph employees union, both AFL, which participated in negotiations.

Ronald W. Haughton, federal conciliator, said the agreement would "guarantee peace" for six months after April 1 after which the wage clause may be re-opened for further negotiation.

The telephone workers are hopeful that in presenting their case to Mr. Truman and congress they can smoke out a wage increase offer from the Bell system.

Joseph A. Belme, president of the National Federation of Telephone Workers, said the maneuver will take the form of a memorandum during the day to Mr. Truman, the house and the senate citing the union's arguments for a general \$12 weekly pay increase and nine other nationwide contract demands.

Belme Adamant He told reporters the Bell companies have failed to put forth a counter-offer on wages since the April 7 walkout made 340,000 workers idle. Belme declared he could see no way to end the tieup without a pay boost.

The Bell companies have suggested arbitration of wages and other issues on an area-by-area basis, but the NFWW has insisted that any wage settlement must be nationwide.

Meanwhile the AFL Commercial Telegraphers union asked the government either to take over the Western Union Telegraph Company, where a CTU strike is set for May 4, or permit its merger with the American Telephone and Telegraph Company, parent of the Bell system.

Cool April Weather Affects Most of U. S.

CHICAGO, April 19.—Almost the entire nation experienced sub-normal April temperatures today, with very chilly weather covering the upper Mississippi valley and the Great Lakes region.

Land O' Lakes, Wis., reported a minimum of 9 above, and Bemidji, Minn., had 14. LaCrosse and Madison, Wis., had 29. Gladwin, Mich., 19, and Pellston, Mich., 12.

Some snow was reported in Michigan and in the lower lakes region. Detroit reported flurries, but not a measurable amount.

The weather bureau said the cold weather would continue through Sunday in the North Central states, with temperatures beginning to rise in the Plains states.

Salem Man Sues Sheriff After Business Closure

LISBON, April 19.—An affidavit in replevin and seeking \$10,000 damages was filed in common pleas court Friday against Sheriff George Hayes by Christ Kiminas of Salem.

The action is the aftermath of a cognovit action brought in the court here a few days ago against Kiminas by Markos Chimples of Salem in which the Sheriff's department tied up the plant of the Salem Plating Works on an execution issued by the court.

The plaintiff in the action states that he is one of the partners in the business, and charges that the property is being wrongfully detained.

Grand Stand Play

The resolution passed by the Business Bureau directors, requesting city officials to place the new parking meters in operation without delay, smacks a little of the grand stand play. At least it was unnecessary and entirely out of place. It refers to the time which has elapsed since the meters were installed, without taking into consideration delays beyond the control of the officials. Weather delayed painting the parking lines. Most of this painting has been completed, and the job was rushed, not delayed. But preparations to enforce parking regulations are not completed, and without enforcement the meters will not mean too much to the city.

These are things the bureau directors should have known. They also should have known that sending a copy of the resolution to the solicitor also was merely a gesture, as he has no control over placing the meters in operation.

Uncle Sam's Britches

The bitter opposition of union leaders helped produce the strong labor law revision bill which the House of Representatives passed.

The Senate bill on the same subject may be milder, but the version which finally will come out of conference is certain to be full of teeth and claws. Furthermore, unless circumstances change suddenly, such a bill is almost certain to be re-passed over a presidential veto. There is even the possibility now that a presidential veto won't be forthcoming.

Neither Congress nor the executive department is in any mood to be conciliatory toward union leaders who openly defy the right of government to touch any of the claimed rights of unionism. This has ceased to be an issue about legislation and has turned into a showdown over rights.

If union leaders had set out deliberately to convince the 80th Congress and the Truman administration that the welfare of the United States was perilously close to being at the whimsical mercy of a handful of men, they couldn't have done a better job than they've done since the end of the war.

We don't know whether the House bill as passed is adequate or not; much depends on the way any law of that kind is administered. As a matter of fact, if the National Labor Relations law had been administered with less attention to promoting the interests of certain minorities and more attention to general welfare, there wouldn't need to be any labor law revision at all.

We do know this: The issue of the people's right to have remedial legislation in the field of labor unionism was challenged brazenly by the unions' spokesmen and the House either had to vote out a strong bill or admit it was licked.

The executive branch of the government has been struggling to reassert its authority over John L. Lewis, who has illusions of being several sizes bigger than the United States. The legislative branch is now struggling to reassert its authority over all the other John Lewises with the same illusion.

The basic rights of labor unions are well-established. The argument now is not about basic rights of unions but the basic rights of the people, through their government, to control unions. The big job in 1947 is to establish the fact the unions are not too big for Uncle Sam's britches. Details will have to be worked out later, just as they were worked out after it was established in 1890 that the government had the right to control business enterprise. The Sherman Antitrust act was only the beginning.

Sitters, Arise!

In this age of specialization, Pennsylvania is considering bonding and licensing baby-sitters. What is the measure of a proficient baby-sitter? A knowledge of formulas and an intuitive insight into whether to change or not to change? Enough know-how to turn down the radio after 9 o'clock?

With the licensing of baby-sitters, the next step will be their organization and establishment of a standard wage and working conditions. If negotiations are deadlocked, of course, the headlines will read, "Baby-Sitters on Standup Strike."

Hindsight

The disaster at Texas City makes one ponder the hazards that exist wherever men set up a community. Such hazards are everywhere but often they aren't obvious until after tragedy has occurred. Reasons for the Coconut Grove night club holocaust were apparent after the fire had taken 491 lives. Until the Collinwood school fire in Cleveland revealed the danger, hundreds of school buildings had doors opening inward.

Texas City residents probably never realized they were living on a powder keg, even though the vast chemical installations and the presence of explosive-laden ships in the bay made the district more dangerous than an ammunition depot.

Plans for rebuilding Texas City should be based on the fact that chemical plants are not for urban districts. The more remote they are the better.

The Stars Say

By GENEVIEVE KEMBLE

For Sunday April 20

Sunday's Horoscope shows propitious signs of adventure, travel, romance and fresh ideas and plans, with the faculties and forces keyed to high and pleasant performance.

The energies are likewise tuned to active and energetic urges under emotional and creative impact. Under dynamic impetus, much may be achieved.

Birthday Forecast

Those whose birthday it is may feel themselves attuned to advanced goals and quickened objectives of most ambitious nature. Under dynamically stimulated forces and faculties, important projects and brilliant ideas must find practical outlet.

Constructive plans and well-organized techniques are sure to materialize in some sudden and perhaps spectacular manner in which romance and adventure give happiness.

A child born on this day should be bounteously supplied with special skills, ingenuity and talents, making for an adventurous, romantic and gratifying career.

For Monday, April 21

Monday's astrological forecast is for a particularly prosperous and ambitious day, despite several impediments, delays and setbacks of a tenacious and stubborn character. Business, private and public issues, seem beset by frustration, although application, sound judgment and purpose combine to break down all barriers and restraints and culminate in most pleasant, happy and fruitful climax.

High hopes and sentimental values are to be realized.

For the Birthday

Those whose birthday it is may anticipate a progressive, pleasant and prosperous year in both private and public aspirations and objectives, in spite of tenacious obstacles, delays, stubborn blocks and interruptions, with danger to resources, reputation and harmony.

Nevertheless there is promise of the eventual realization of high hopes and much progress and achievement, with much gratification or assistance from friendly or romantic sources. Cultivate these.

A child born on this day may have splendid ambitions and aspirations, with keen ability to attain them, despite handicaps, frustrations and impediments. A happy and influential personality should assist its fondest aims.

It must be tough on some women to be too poor to need an operation to talk about.

Care In Pregnancy Is Important

By HERMAN N. BUNDESEN, M.D.

THE care of the mother-to-be is of extreme importance, not only to the future of the child, but to the mother herself.

A number of the difficulties of the child-bearing time can be avoided by intelligent following of a certain routine. When this is done, the period of waiting need not be one of discomfort but, rather a time of good health.

And good health promotes the good spirits and serene mental attitude which may have a direct bearing on the mother's later attitude toward her child.

Simple Directions

Certain of these matters, though important, are very simple. For example, the mother-to-be should wear low-heeled shoes and no tight garters.

Her clothes should be light and loose fitting. Tub baths should not be taken during the last month, and enemas or injections of fluid into the lower bowel should not be employed unless the doctor specifically orders them.

In regard to exercise, according to Dr. Arthur L. Rivers, of the medical College of South Carolina, activity should depend on what is usual for the individual. However, no patient should take part in athletics. Traveling in general should be restricted.

The pregnant woman should gain only about 20 pounds during the nine-month period not because limiting the weight gain affects the size of the baby but, rather, because it acts as a protection against toxemia or poisoning. With a limited weight gain, there is less likely to be indigestion; bowel elimination will be more normal and the mother-to-be will in general be more comfortable.

Amount of Protein
Not so many years ago pregnant women were instructed to eat only limited amounts of protein foods

such as meat, milk and eggs for fear of damage to the kidneys.

Nowadays it is generally agreed that a lack of protein food is likely to make toxemia more liable to occur and the diet should be planned around a high protein intake. With insufficient protein, anemia or lessening of the coloring in the blood, poor tone or strength of the muscles of the womb, lowered resistance to infection and a poor breast milk supply may all result.

If the diet contains plenty of green vegetables and fresh fruits most of the vitamins and minerals needed will be supplied. Starchy foods, such as bread and cereals as well as sugars should be restricted in order to lessen the weight gain.

Skim milk or buttermilk may be employed to aid in providing lime and other minerals. It may be advisable to give some special preparation of calcium or lime together with vitamin D to make sure that it is taken up and used by the body.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

Two Officers Indicted
In Death of Prisoner

NEWARK, April 19.—Two policemen accused of beating a man they arrested were charged with manslaughter today in indictments handed up by the Licking county grand jury.

They are Patrolmen Carl Koblenz, 54, and Bryan Woolard, 49, who have been at liberty on \$1,000 bond each.

The officers are charged with killing Frank Merryman, 38-year-old father of four children who died April 8. Merryman's widow Imogene, 38, declared the policemen beat her husband about the head after ejecting him from a dance hall.

Warns of Communists

CLEVELAND, April 19.—Delegates to the American Council of Christian Churches today were warned that Communists "using labor to spearhead their movement have been engulfing the land in a wave of anarchy and mob rule."

The statement was given by Dr. W. O. H. Garman of Wilkesburg, Pa., secretary of the council, who said "fundamental pastors should be stirred to action by this deplorable condition."

The Nation Today

BY JAMES MARLOW

WASHINGTON, April 19—President Truman wants this government to be able to decide what nation can or can't buy arms here. Which means: We can help arm a nation we consider a friend and keep our arms away from one we consider an enemy.

Mr. Truman has asked congress to give the government that power by law. This request has quite a history behind it and probably a big future.

It is another example of how deeply we have stepped into world affairs and how far we have moved from our pre-war isolation.

After World War I this country, staying out of the League of Nations, went isolationist. It stayed that way up to World War II.

The idea was: Let's not do anything that will get us into another war.

This idea had big help in the 1930s from a senate committee—headed by Senator Nye, North Dakota Republican—which investigated munitions.

The committee helped convince the country that the big arm-makers had a large share in getting us into World War I. The argument was:

By huge loans and sales of goods and arms to the Allies in world war I we had an interest in seeing them whip Germany and finally pitched in ourselves to bail them out.

The Nye committee insisted we needed laws to prevent anything like that from happening again. So congress passed the neutrality act in 1935.

What it meant was: When war broke out, the President would ban arms shipments to both sides.

President Roosevelt did this in 1935 when Mussolini's Fascist Italy attacked and conquered Ethiopia, slaughtering those primitive people.

But the act didn't say anything about banning arms shipments to both sides in a civil war. Civil war broke out in Spain in 1936.

France's Fascists attacked, and finally conquered, the legitimate, Loyalist government of Spain.

President Roosevelt in 1937 asked congress to fix the neutrality act so it would cover civil wars, too. Congress did.

So Mr. Roosevelt banned arms shipments to either side in the Spanish civil war, even though we recognized the Loyalist government as legitimate.

But Russia, Nazi Germany and Fascist Italy sent men and supplies into Spain, Russia to the Loyalists, the other two to Franco.

So Spain and Ethiopia were a testing ground for World War II. It showed how slow the democracies would be in stopping aggression. Meanwhile, Hitler was dragging Europe closer to general war. Nazi Germany had been arming furiously.

It was far better armed than Britain or France when World War II broke out Sept. 1, 1939.

It was now plain that the Fascists were out for blood. This also was plain:

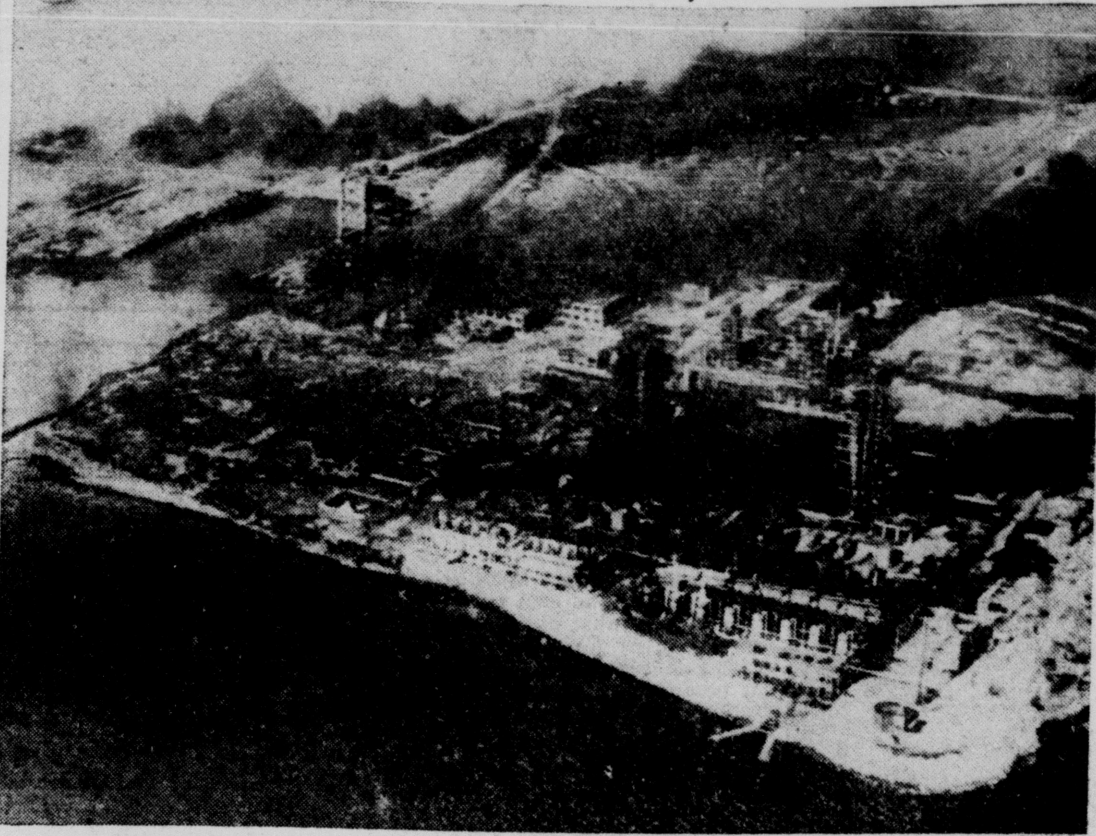

Our neutrality act so far had made Fascists' victims easier victims.

Although it had deprived them and the Fascists of arms, it hurt the Fascists less because the Fascists were always better armed.

In this way our policy of impartiality—giving arms to neither side in a fight—had helped Fascism.

Late in September, 1939, Mr. Roosevelt asked congress to change

Two Fighter Planes Down After Canal Zone Flight

BALBOA, Canal Zone, April 19—One pilot was missing and another was safe after two Thunderbolt fighters crashed last night north of San Jose, Guatemala, the U. S. Army announced.

The missing pilot, whose name was withheld, was believed to have parachuted into jungle territory somewhere near the mouth of the Nahuatl river. The other, Capt. Robert J. Burns of Lima, Ohio, was found in a jungle area near

a United Fruit Company plantation, about four miles east of the Nahuatl river mouth. The announcement gave no indication of burns, injuries, if any.

Boost Cleveland Salaries
CLEVELAND, April 19—One thousand dollar annual pay raises for city department directors here were announced today by Mayor Thomas A. Burke. He said the boosts, bringing their salaries to \$8,500 a year, would be effective May 1.

Telephone Wages Are Good

A TELEPHONE OPERATOR IN SALEM begins her training at \$27.00 per week. She receives her first increase in three months. At the end of 18 months the least she can make is \$32.00 for 40 hours work. Regular increases continue on up to \$38.50 per week.

In addition she gets premium pay for holidays, Sundays, and evening or night work which is done in the 40 hours.

Any overtime is additional with pay for time and one-half.

GOOD WAGES ARE NOT ALL . . .

There are many other advantages.

Seven holidays with pay.

Good vacations with pay. One week the first year, two weeks vacations the second year and on up to fifteen years when the vacation is three weeks with pay.

STEADY WORK

The telephone job is a steady job the year around.

Good working conditions—interesting work in clean, congenial surroundings.

Sick benefits at company expense four weeks at full pay and nine weeks at half pay for employees with two years of service. Increasing with service to a maximum of full pay for one year.

Pensions—a liberal plan with a full cost paid by the company.

WHY NOT ARBITRATE WAGES?

The company offered to arbitrate wages before the strike started.

The Ohio Federation of Telephone Workers refused to arbitrate.

Apparently a big reason is that the Ohio Federation of Telephone Workers, an autonomous Ohio union, cannot move without the approval of the National Federation of Telephone Workers with which it is affiliated.

It looks as if the National Federation wants nation-wide power for itself through nation-wide bargaining.

Settling Ohio wages in Ohio is the fair way to handle the wage question.

After all, 90% of all our telephone calls are local calls, or within Ohio, and the rates for all this service are regulated by the people of Ohio through their public authorities.

Agreement on our arbitration offer could be the means of ending the telephone strike right now.

Employees could get back to work and the public could get normal telephone service.

HERE IS WHAT IS DEMANDED BY THE OFTW:

The Union is asking a blanket increase of \$12.00 per week, but all of their demands would cost THREE TIMES that much!

THE COST OF THESE DEMANDS

The total cost of the Union demands would be 35 Million Dollars per year, or almost three times the total earnings of the company last year.

The cost on the average would be over \$2 per month per telephone.

THE OHIO BELL TELEPHONE COMPANY

"The company sincerely appreciates the co-operation and understanding of its customers and the thousands of favorable comments which it has received. The company will continue to do everything possible to complete calls."

Weber-Beck Vows Heard On Friday

Wearing a distinctive two-piece pink wool jersey with an orchid corsage, Miss Hilda S. Weber, daughter of Mr. and Mrs. Martin Weber of Sharp ave., became the bride of Deane E. Beck, son of Mr. and Mrs. Jesse Beck, Washington ave., at 7:30 p. m. Friday at the home of the officiating minister, Rev. John Bauman, N. Union ave., who read the single ring service.

The bride was attended by her twin sister, Mrs. Tillie Mossey, who was attired in a poudre blue suit with brown accessories. Her corsage was of Talsman roses.

Deane C. Phillips of East Palestine, a cousin of the groom, was best man.

Mrs. Phillips and the parents of the couple witnessed the nuptials. The bride's mother, Mrs. Weber, was dressed in black with blue trimmings and blue accessories. Mrs. Beck, the groom's mother, appeared in dark blue with rose accessories. Both wore corsages of gardenias.

The couple left last night on a honeymoon trip, after which they will reside on Franklin rd.

A World War II veteran, Mr. Beck is employed by the Ohio Edison Co.

Presbyterian Women Meet at Haldi Home

Amity and Rebekah Lodges Celebrate I. O. O. F. Founding

Rev. David E. Molyneux, pastor of the Presbyterian church, gave a fraternal talk on "Brotherhood" at a joint meeting of Amity lodge, I. O. O. F., and Home lodge, Daughters of Rebekah, Thursday evening in the hall.

The affair celebrated the 128th anniversary of the founding of Odd Fellowship in America.

Four Europeans founded the order in Boston in 1819, a review of its history revealed.

George H. Mounts, past noble grand of the lodge, announced the program.

Thomas Hutson sang "Tommy Boy" and dedicated it to his infant twin sons, Tommy and Timmy. He also sang an operatic selection.

Mrs. Robert Hammill was the accompanist.

Refreshments were served to 70 members and guests at the social period.

Special recognition was made of the birthday anniversary of Mrs. Alida Moore, oldest member of the Rebekah lodge, who was 87 years old today. She was presented a cake baked by Mrs. James L. Goodwin.

Mrs. Janice Mathey and Mrs. Holt of the Leontia lodge and Mrs. Jean Goddard of the Struthers lodge were guests. Mrs. Mathey is representative of District 28 of the Rebekah assembly.

A session of the Rebekahs preceded the celebration at which time plans were made for a Mother-Daughter party Friday evening, May 16.

The committee in charge is composed of Mrs. Glenn Whinnery, Mrs. George Reader and Mrs. James Pife. Initiation will be held May 2.

Mrs. William Shinn Hostess to Circle

WE, THE WOMEN

BY RUTH MILLETT

THERE are people who seem to enjoy going around creating awkward moments for other people. Some of them:

The coy telephone caller who says gleefully, "I'll bet you can't guess who this is?"

The gusher who says, "I've heard SO much about you."

The person who comes up to you at a party and says, "I'll bet you don't remember me," when obviously you don't.

The curious one who asks point-blank questions.

The person who says, "We've been introduced SEVERAL times," after you have acknowledged an introduction with "How do you do?"

The hostess who remarks reproachfully that you haven't eaten a thing," after you have struggled to make a dent in her lavish servings.

THE INDEPENDENT SOUL.

The person who puts you on the spot with a "what night can you do so-and-so" invitation.

The independent soul who feels it necessary to fight over a check.

The caller who keeps murmuring, "I really should be going," and doesn't go.

The bore who catches you in a social dodge and confronts you with the evidence.

The person who meets a "do come over and see us sometime" invitation with, "Not until you come to see us."

Shower Party Held For Bride-Elect

Honoring her niece, Miss Joyce Stratton, whose marriage to Walter E. Skowron will be an event of Saturday, April 26, Mrs. R. E. Buck-

holdt entertained at a delightful shower party Thursday evening at her home, E. State st.

Bridge prizes were won by Mrs. A. A. Parker and Mrs. George Perault.

The hostess served lunch, using spring flowers in the decorations.

A sandwich filling deluxe is made with nuts. Cream butter and combine with strained honey and chopped blanched almonds, or with soft maple sugar and chopped walnuts.

Truman Pitches - Right and Left

(International Soundphoto)

Introduced as the "nation's number one south paw," President Truman works a change of pace to hurl a right-handed pitch (left) to stamp the White House blessing on the fledgling baseball season. While 30,000 fans in the capital's Griffith stadium cheer, the chief executive picks up another horseshoe and chuck it left-handed (right) onto the diamond, where Senators took a 7-0 defeat at the hands of the New York Yankees.

WEATHER RETARDS WORK OF FARMERS

District farmers, about three weeks behind in spring plowing and oats planting, have the weather to blame, according to District Weather Observer L. H. Copeland.
"It's going to be a late season," the observer mused.
"The weather has been cold and the ground is still wet, and recent rains tended to defer farmers from plowing," he said.

542 BODIES

(Continued from Page 1)

the cause of the Grand Camp explosion.

Rescue workmen entered the Monsanto Chemical Corp. plant, still burning and with some parts inaccessible. About 35 bodies were removed from the plant. The exact number of the dead brought out was difficult to ascertain. Many of the bodies were in pieces.

Mass burial will be conducted by the ministerial alliance of the East-torn town sometime next week.

A slip in the Texas City bay yielded seven bodies yesterday to E. W. Mayr, of Houston. Mayr said he believed only two of the bodies could be identified.

An improvised morgue held 295 bodies, the Red Cross said yesterday at 4 p. m., with the procession of corpses to places in long, blanket-covered lines proceeding steadily.

The slow process of recovery was made more arduous by the mangled condition of the bodies.

SALEM CLUB PAYS COLUMBIANA VISIT

COLUMBIANA, April 19.—With members of the Columbiana Music Study club as its guests, the Salem Music club will meet Monday evening, April 28, at the home of Mrs. E. T. Coyle, N. Main st., Columbiana.

Mrs. Vesta King of Salem, program chairman, will present Edward Dudley of New York City, dramatic tenor, who will give a recital.

Cleanup May 8

Thursday, May 8, has been fixed as annual spring clean-up day in Columbiana, when municipal trucks will gather the winter accumulation of cans and other refuse.
Everything to be handled by the trucks must be in containers. Nothing will be removed that has to be shoveled.

James Robinson, senior in the Columbiana High school, is the winner of the Bausch & Lomb honorary science award medal for the highest scholastic record in science during his high school course. Win-

ner of the bronze medal is eligible to compete for one of the five scholarships in the University of Rochester, N. Y.

He is a son of Mr. and Mrs. John Robinson of Fairfield ave.

Mrs. Alice Magill has returned from Windsor, Can., where she was called seven weeks on account of the illness of her sister-in-law.

Legion Auxiliary Meets

Guest night was observed by the American Legion auxiliary Wednesday, signaling the official visit of Mrs. Virgil Henry of Cadiz, Tenth district president. There were 70 present, including members of the Leetonia auxiliary.

At the coverdish dinner at 6:30, the guests were welcomed by Mrs. Joseph Ferrante, president of the Columbiana auxiliary. Mrs. Lester Morris of Leetonia responded.

Features of the program were two addresses, one by Mrs. Henry on "Child Welfare," and one by Mrs. Paul Reeves on "Pan-America."

To keep the ends of kitchen and bath rugs from curling, dip them in a thin starch after washing. This gives them more body and keeps them flat on the floor.

Push Street Work

LEETONIA, April 19.—Work on preparing Hazel and Madison streets for black-topping was resumed this week after being suspended during the winter months.

The curbs and drainage for Madison st. have been completed and the "fine grading" needed for surfacing will be done soon.

A crew of men were busy this week putting in the curb forms on Hazel st. and the curbs will be poured as soon as the forms are finished. Both streets should be completed this month.

THE HOME FREEZER . . . AND YOU

WHAT will a home freezer do for YOU? Reduced to its simplest terms, a statement on the benefits of the home freezer might read like this:—"It makes possible the storing in the home of a greater variety of food, larger quantities of food, better quality food—ready to serve at any time—and all at lower cost."

HOME freezing is twice as easy and twice as fast as your home canning, and statistics indicate that some 86 per cent of American housewives preserve at least a portion of their food supply in one way or another.

NOW let's assume that you've been convinced of the merits of this NEW WAY OF LIVING—and that you're going to rush out and buy yourself a home freezer. But wait, what kind of a freezer should you buy? Well, that's a problem in itself!

THERE ARE AT THE PRESENT MOMENT, several hundred manufacturers offering freezers of one type and another to the American public. In addition to the long-established refrigeration manufacturers who are now making small home freezers, there are also seemingly endless numbers of new entries in the field. Inevitably among such a group—there are a goodly number of "CATS and DOGS", with little or no background of practical refrigeration experience, anxious to skim their share of cream off the top of this freezer market.

THERE is only one obvious answer, and it cannot be stressed enough—buy your freezer from a refrigeration dealer who handles the line of a reputable and established manufacturer, and who has adequate facilities for the prompt and efficient servicing of low temperature refrigeration equipment.

Korean Leader

Dr. Syngman Rhee

Dr. Syngman Rhee, well-known in America as a longtime battler for Korean independence before and during the war, will probably be named president of a native Korean provisional government, reportedly formed "behind-the-scenes" of U. S. military occupation. His right wing, anti-Communist group is unofficial, operating without knowledge or sanction of American authorities.

The annual business meeting of the Presbyterian church was held Monday evening with a family night covered dinner at 6:30 for 40 persons.

Joseph Justice was elected president of the congregation, R. C. Harrold was elected secretary-treasurer and Alex Eastek, trustee for five years.

Dear Folks: —

Ever since I got back from the navy I've been selling furnaces for other people; can't make enough money to get married, so I'm going to start up for myself.

I've got the agency for what I consider the best oil burner on the market and, if anybody wants one, I can get them a gas conversion burner. Gonna put an ad in The News next Monday describing the merchandise I will have to offer you.

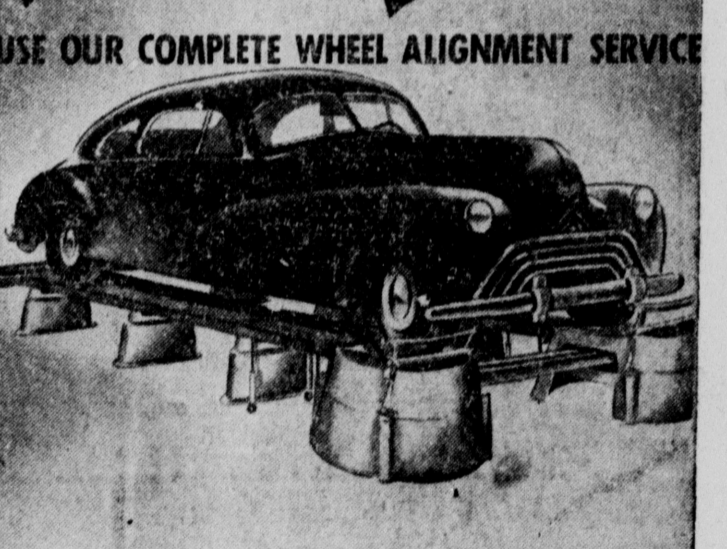

I will let you know from time to time what success I am having . . . By the way we'll call our store The Quaker Heating Company.

For Safer Driving Extra Tire Mileage

USE OUR COMPLETE WHEEL ALIGNMENT SERVICE

Did you know that if one of your wheels is as little as one-eighth inch out of line, your tire is dragged sideways approximately 85 feet in every mile? It is easy to see from this fact, how much unnecessary wear your tires receive if your wheels are out of line.

Faulty wheel alignment, like faulty brakes, also makes driving hazardous. Play safe—drive in today and let us check your wheel alignment with our Bennett-Ferguson Chassis Analyzer. In a matter of minutes we can give you accurate, visual proof of the exact alignment condition of your wheels. If correction is necessary, we can put your wheels in perfect alignment quickly and at a surprisingly low cost.

CAGE DEPARTMENT

Ticket sale for the annual Salem Boosters club banquet honoring the top-notch 1946-47 team, which won 17 games and lost only two, opened Friday and will continue through Thursday.

With Bowling Green Coach Harold "Andy" Anderson—the only coach in the United States to take two college outfits into the annual Madison Square garden tournament—as the speaker, the event promises to be an extraordinary one.

Anderson, also director of athletics at Bowling Green, piloted a Toledo university squad into a cage bid at the gardens and then took his Falcon outfit into the classic three straight years.

The Salem banquet will be held at the Saxon club at 6 p. m. Tuesday, April 29, and only a limited number of tickets is available.

Tickets are on sale downtown with Art Brian, Loyal C. Phillips, Joe Kelley, at the High school with Bob Miller and Ben Barrett and in the plants with Martin Debnar at Gonda, Eddie Probert at Mullins, P. K. Laughlin at the Salem China and Marty Polder at Demings.

TRADE WIND DEPARTMENT

The pitching situation in local softball is straightening out.

The news leaked out today that besides Francis Lanney, Jim Aldom and Pete Sanders, the Diner team has got Mutt Schaeffer's name on the dotted line.

It's a hard blow to several other teams trying to get Schaeffer on the list. The Diner seems well fixed now, for Lanney hurled Mullins to a playoff spot two seasons ago and Schaeffer hurled the crack Sinclair team into a similar spot and then won the title after Lanney left for the army before the playoffs.

Johnny McQuiston, heralded by many as one of the best pitchers in the loops in 1946, has switched from a Jaycee affiliation to hurl for the Leetonia Crescents. McQuiston has been signed for some time but Manager Ralph Mancuso kept it on the "Q. T." The Jaycees so far are pitcherless and not too happy about it.

Dale Ritchie, for several years the ace hurler for the Salem China, will manage a team of his own this season under sponsorship of the Golden Eagle. Ritchie, who still holds the all-time winning streak in Class A records at 18 straight in 1944, also is a top-notch hitter. His team personnel isn't announced yet.

Kenny Brudley, regularly a Deming pitcher, is reportedly lined up with his old outfit again. Business Manager Gordy Allen expects him to sign soon.

Ralph "Phiz" Phillips seems scheduled to toil for the Recreation and Marty or Bill Pauline will work with the Saxon club.

Johnny Zines, last year's Mullins mound man, has signed with the AMVETS. Mullins hasn't announced its pitching selection as yet.

BOUDREAU EYES REPLACEMENTS AS TRIBE'S HITLESS

Plans To Bench Starters And Experiment In Hitting Search

(By Associated Press)
DETROIT, April 19.—Manager Lou Boudreau of the Cleveland Indians was grimly humming the tune "there'll be some changes made" as he benched one-third of his starting lineup today in an attempt to inject some batting punch in the Tribe's second contest with the Detroit Tigers.

Striving to snap the Tribe's ignominious string of 18 scoreless innings and produce the Indians' first official 1947 run, Boudreau benched First Baseman Eddie Robinson, Center Fielder Dale Mitchell and Catcher Jim Hegan.

George Metkovich, former Boston Red Sox outfielder, will replace Mitchell, while Veterans Les Fleming and Al Lopez will be installed at first base and behind the plate. Don Black, erstwhile "bad boy," will hurl against Detroit's Freddie Hutchinson in today's tilt.

Mitchell, Hegan and Robinson have rapped a combined total of two singles in the Tribe's two starts this year, but the rookie first sacker poked one of the Indians' three hits yesterday as Virgil (Fire) Trucks applied the second straight 2-0 whitewash brush to the Tribe.

Charley (Red) Embree contributed the Tribe's second straight superlative pitching performance, limiting Detroit to four safeties—but two of the hits were homers by Roy Cullenbine and Pat Mullin which sewed up the contest.

The greatest pitching rivalry in the major leagues will be renewed here tomorrow, the Tribe pitted added, when Cleveland's Bob Feller opposes the Tigers' Hal Newhouse before an expected capacity crowd.

AMVETS Lose Second Round Warren Tilt

Despite some sharp shooting on the part of Leo Thomas and Walt Brian, the Salem AMVETS went down to defeat at the hands of the Scienceville A. C. 62-48 Friday night in the second round of the Warren basketball tournament.

Included in the winner's lineup was Professional Leo Mogus, who tipped and looped in 21 points. Without his superb playing, the locals would have recorded an easy victory.

Thomas, inserted in the second quarter, hit for 14 points, while Brian, playing against Mogus in the pivot slot, found the range for 13.

Everybody Homers But Old Hank As 38,216 See Record Opener In Pittsburgh Tilt

By JOE REICHLER
Associated Press Sports Writer

Association with Hank Greenberg and Ralph Kiner, the major league's home run kings, apparently has become contagious among the Pittsburgh Pirates.

Some of the champions' four-ply charm yesterday rubbed off on four of their teammates who availed themselves of five home runs, enough to give the National league leading Bucs a 12-11 victory over the Cincinnati Reds in a wild and woolly slugfest before a record Pittsburgh opening day crowd of 38,216.

Waldon (Wally) Westlake, a rookie outfielder from Oakland of the Pacific coast league, who owes

his place in the lineup to an injury to first baseman Elbie Fletcher, belted two round trippers. Fletcher's injury necessitated the switching of Greenberg to first, thus making room for Westlake. Another Freshman, Catcher Leroy Jarvis, Shortstop Billy Cox and Left Fielder Jimmy Russell, banged the others.

Catcher Ray Mueller of the Reds got into the round-tup picture when he pasted a Ken Heintzelman pitch into the "Greenberg Gardens," a tailor-made home run area in left field, with two on in the eighth.

Led by Rookie Bobby Thomson and Billy Rigney, the New York Giants smashed out six circuit wallops to hand the Brooklyn Dodgers their initial set back of the season 10-4 before 37,546 Polo grounds fans.

Jackie Robinson, Dodger Negro first baseman, slammed his first home run and chipped in with a single for his best hitting day in the majors.

Rookie Earl Torgeson enjoyed a perfect day with a home run, double, single and two walks as the Braves outscored the Philadelphia Phils in Boston 10-7.

Andy Pafko's four-bagger was the only score made by the visiting Chicago Cubs as the World Champion St. Louis Cardinals, behind the eight-hit pitching of Harry (the cat) Brecheen, whipped the Bruins 4-1.

Ted Williams smacked his first home run of the season, with two aboard, to help the Boston Red Sox defeat the Philadelphia Athletics at Shibe park 9-3.

Home runs by Roy Cullenbine victory over the Cleveland Indians and Pat Mullin gave Detroit a 2-0 as Virgil Trucks bested Red Embree in a hurling duel.

The Chicago White Sox scored their second straight shutout victory, beating the St. Louis Browns 1-0 in Chicago.

The New York Yankees blanked the Senators in Washington 7-0 for the Nats' third loss. One of the 28,579 spectators was the nation's number one southpaw, President Harry S. Truman, who threw out the first ball—right-handed.

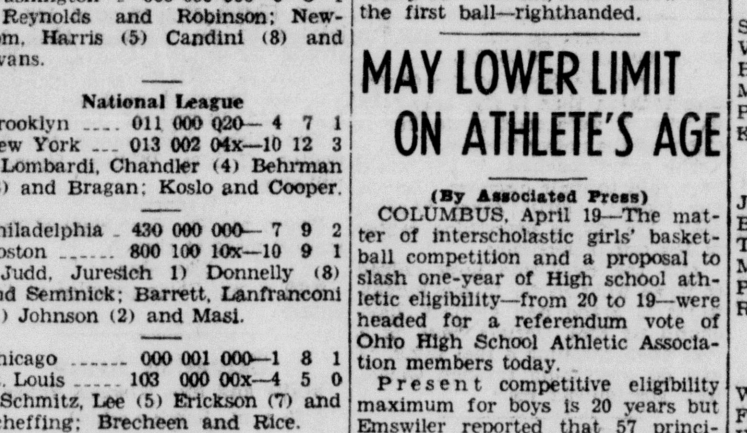

NEW YORK—Eddie Giosa, 137½, Philadelphia, outpointed Julio Jimenez, 138, Mexico City, 10.
PHILADELPHIA—Jimmy Richards, 179, Philadelphia, knocked out Leon Szymurski, 176½, Chester, Pa., 1.

Wallace Says UN Gives Him Right to Speak Mind
STOCKHOLM, April 19—Henry A. Wallace, describing himself as "an American capitalist or a progressive Tory," said today that the United Nations and UNESCO charters gave him the right to speak

his mind outside the United States. Wallace spoke extemporaneously at a luncheon attended by 300 stockholm professors, scientists, journalists and businessmen.

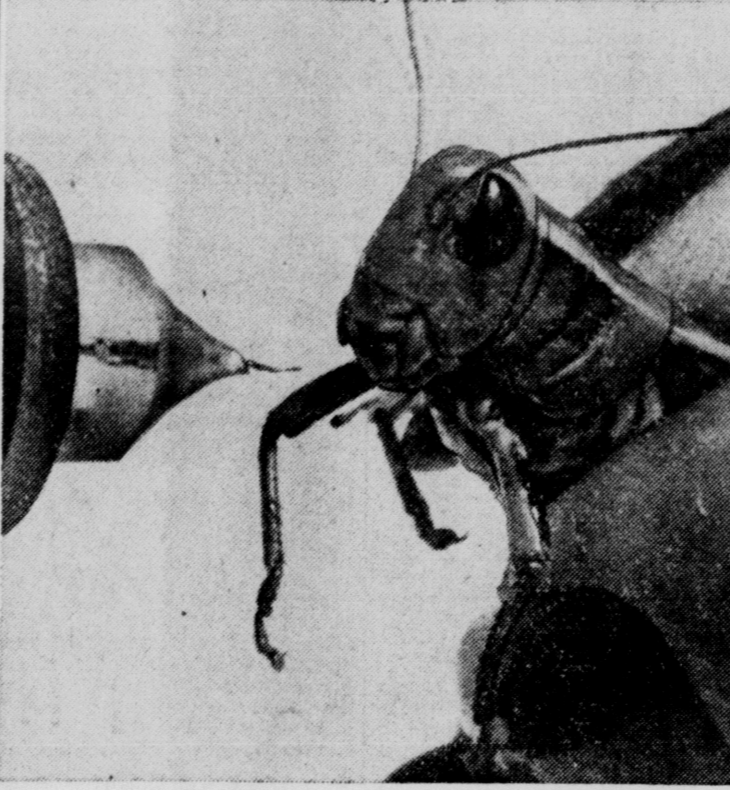

Referring to congressional criticism of his tour, Wallace said Americans who are suggesting that his passport be withdrawn have

"the same type of intellect as those who suggest that the Russians are responsible for blowing up a French ship at Texas city."

"When I return to the United States, I intend to pay my respects to that type of intellect," the former vice president declared vehemently.

WHAT MAKES THE GRASSHOPPER JUMP?

... It's the Thermometer

By NEA Service

SCHENECTADY, N. Y.—It isn't the heat that makes the grasshopper jump, it's the thermometer.

The temperature of the grasshopper, it turns out, has an important bearing on his feeding habits, and his feeding habits cost the nation millions of dollars each year in crop losses.

So two professors from Montana State college, Dr. J. H. Pepper and Dr. E. B. Hastings, decided if they could measure the grasshopper's body temperature, they might be able to save a few of those millions for the farmers.

Their only problem was getting a thermometer small enough.

A couple of other scientists came to aid of the Montana researchers. At the General Electric laboratories, they designed and built a special thermocouple, a delicate electrical device 5/1000th of an inch in diameter. Armed with this instrument, the entomologists set about taking the temperature of grasshoppers, and discovered:

A grasshopper dies if its body temperature reaches 120 degrees; when the sun is hot and bright, he picks a nice shady spot to do his eating, and if he's cold, he hunts around for a nice spot of sunshine.

To do his best eating, the grasshopper has to feel "just fine."

The entomologists believe this scientific insight into the grasshopper's temperature will make it possible for farmers to spread poison bait where it will do the most good—in a shady nook during the heat of the day, and vice versa.

Unless the grasshopper gets an overcoat, his temperature, the scientists hope, will be his undoing.

Washingtonville

High score favors went to Mrs. Henry Dermotta, Mrs. Calvin Sell of Salem, Mrs. Russell Smith and Mrs. Charles Hinchcliffe, when the Skip-a-Week club met Thursday evening in the home of Mrs. Keith DeJane.

Mrs. Don Indermill and Mrs. Dermotta were given a shower of hankies honoring them on their birthdays. In two weeks they will be guests of Mrs. Wilbert DeJane.

Mr. and Mrs. Ralph Eyster of Salem have moved into an apartment in the home of his sister, Miss Helen Eyster.

Dale Guchemond and Eugene Lippiatt were weekend visitors in Washington, D. C.

Club Has Party

Mrs. Louis Stouffer welcomed the Wednesday night club in her home. Five Hundred prizes went to Mrs. Clifford Herron, Mrs. Emmett Brudery and Mrs. Merle Stouffer. They will meet next with Mrs. George Stouffer.

Mrs. Clarence Baker and Mrs. Theodore Riddle accompanied Rev. K. E. Birney and H. F. Paisley of Leetonia to East Palestine Tuesday where they attended the district conference of the Methodist churches.

Ted Davis and daughter Eleanor, Ivan Davis and Glenn Davis of Leetonia visited Thursday with their cousin, Miss Mane Davis at the home of Mr. and Mrs. Joe Davis in Salem.

Pfc. Jay Hill, who is with the Marines at Cherry Point, S. C., visited several days with his brother and wife, Mr. and Mrs. Richard Hill.

Mr. and Mrs. Glenn Charlton attended the funeral of his grandmother, Mrs. Melissa Charlton at Greenford Wednesday.

Recent Birth

Mr. and Mrs. Robert Bertolette are the parents of a son, born Wednesday at Youngstown North Side hospital.

Ten tables of cards were in play at the Pythian Sisters benefit party. Prizes in Bridge went to Mrs. J. J. Howe of Greenford; "500" Mrs. William Grim and William Pine of Columbiana; Euchre, Mrs. Charles Taylor and Clark McCowin.

South Side club met Wednesday evening in the home of Mrs. Louis Atkinson. Mrs. Joe Less and Hazel Schnepf were guests. The evening was spent playing cards with high score honors going to Mrs. Albert Ritchie, Mrs. Lloyd Culler and low score to Mrs. Joe Less. They will meet next with Mrs. Loren Wellkart.

George Hall has received word of the birth of a son on Wednesday to his daughter and husband, Mr. and Mrs. Harry Beck of Teegarden, at Salem City hospital. The mother is the former Florence Hall.

THE THEATER

"Dead Reckoning," starring Lizabeth Scott and Humphrey Bogart, shows at the State Sunday, Monday and Tuesday.

The most amazing rogue of a thousand years of fiction and a spinner of strange tales is Douglas Fairbanks Jr., as "Sinbad the Sailor," a picture of ancient Persia which is at the State Wednesday through Saturday.

Kenny Delmar, as Senator Claghorn, stars in "It's a Joke, Son," and Eddie Dean and his horse "Flash" show in "Wild West," the singing western featured at the Grand Sunday and Monday.

"Wild Bill Hickok Rides" is a fast action western starring Bruce Cabot on the screen at the Grand Tuesday and Wednesday.

Thursday, Friday and Saturday at the Grand, William Boyd as Hopalong Cassidy unmasks the killers when murder stalks the in "Unexpected Guest."
